Breakfast

This morning after breakfast, join the CME team for an overview tour of London followed by a visit to Kensington Palace.

As the official London home of Britain's favorite royal couple, Prince William and Kate Middleton, along with little Prince George and Princess Charlotte, Kensington Palace's fame rivals that of Buckingham Palace. Will and Kate aren't the only royal icons to walk the halls of Kensington Palace, though—King George II, Queen Victoria, Queen Anne, Princess

Margaret and Princess Diana have all also called the palace home.

While the royal living quarters are off-limits, a large portion of the palace is open to the public, with multiple exhibit spaces popular among travelers. Visitors can admire the 16th-century King's Staircase; peek into Queen Mary's State Apartments; marvel over an exhibition of royal fashions including some of Princess Diana's; and explore Queen Caroline's Cabinet of Curiosities, all before strolling the landscaped palace gardens.

Lunch is on your own and the afternoon free to enjoy London.

This evening we will have an option to Join Sanjay and Catherine for a pre-show dinner and Broadway Show.
